**CORRESPONDENCE MEMORANDUM**

**DATE:** June 2, 2011

**TO:** Employee Trust Funds Board  
Teachers Retirement Board

**FROM:** Steve Hurley, Director  
Office of Policy, Privacy and Compliance

**SUBJECT:** Draft of Proposed Administrative Rule for ETF and TR Board Elections

**This memo is for informational purposes only. No Board action is required. However, any feedback from the Boards on the proposed rule would be appreciated.**

On December 2, 2010, the Department presented to the Boards an early draft of a proposed Administrative Rule for Employee Trust Funds (ETF) and Teachers Retirement (TR) Board Elections. The attached proposed rule reflects changes to that early draft suggested by Board members at the December Board meeting. If the Boards are supportive of the attached draft, it will be sent to the Legislative Council Rules Clearinghouse and a final draft report will be developed.

Because 2011 Wisconsin Act 21 regarding the administrative rules process is effective on June 8, 2011, it is anticipated that the final draft report must be submitted for gubernatorial review prior to sending it to the Legislature. The Boards will have an opportunity to review and approve the final draft report before the final draft report is sent to the Governor.

Background

Wis. Admin. Code § ETF 10.10 governs elections to the ETF Board and the TR Board. The rule section was first established in April 1984 for elections to the TR Board. In May 1993, the section was expanded to cover elections to the ETF Board. By statute, there are two elected positions on the ETF Board and nine elected positions on the TR Board. The Department is responsible for scheduling elections, providing election notices, processing nomination petitions, distributing ballots, tabulating votes, setting aside invalid ballots for review by the election committee, and notifying candidates of election results.

The original reason for amending the current rule was to permit elections to be conducted electronically or in a mixed-mode – for example: using Internet voting for those who want to vote electronically, and paper ballots for those who want to vote by traditional paper ballot. The ability to conduct elections electronically could increase voter participation and reduce costs related to traditional paper ballot elections, such as time spent manually handling ballots and tabulating votes. The results of electronic elections are available quickly, and can be more accurate than paper-based elections in which results are hand tabulated.

The attached draft reflects the following changes suggested by Board members:

<b>Special Situations</b>	<p><b>ETF 10.10(11).</b> If there are multiple positions to be filled in an election category that do not have an equivalent amount of time remaining in their terms, the positions shall be allocated in the following manner:</p> <ul style="list-style-type: none"><li>• If an election is held, the candidate with highest number of votes gets the position with longest term remaining; the candidate with second-highest number of votes gets the position with the next-longest term remaining, <i>etc.</i></li><li>• If no election is held, positions shall be selected by a random process.</li></ul>
<b>Notification of Election Results</b>	<p><b>ETF 10.10(13).</b> For both regular and special elections, the Department shall notify all candidates of election results <u>by certified mail</u>.</p>

(b) *Voting when there are multiple teachers retirement board positions to be filled.* If there is more than one teachers retirement board position to be filled in an election category and an election is held, voters may vote for as many candidates, in the appropriate election category, as there are positions to be filled.

**Proposed ETF Administrative Rules for ETF  
and TR Board Elections**

**Section 7. ETF 10.10 (10) is renumbered 10.10 (9) and amended to read:**

**(9) CERTIFICATION OF ELECTION RESULTS.** If an election is held, the respective ~~The teachers retirement board shall appoint an election committee that shall consist of the secretary of the department or the secretary's designee and 2 teachers retirement board members who are not running for reelection to determine the election results. The employee trust funds board shall appoint an election committee which shall consist of the secretary of the department or the secretary's designee and 2 employee trust funds board members who are not running for reelection to determine the election results.~~ A majority of the election committee appointed by the respective boards shall determine the validity of ballots set aside by the department and certify the election results.

**Section 8. ETF 10.10 (11) is renumbered 10.10 (10) and amended to read:**

**(10) VERIFICATION OF ELECTION RESULTS.** ~~The department shall review each ballot by checking the signature against the name on the ballot. The department shall set aside ballots that it believes may be invalid under pars. (a) to (d) for review by the election committee. The election committee shall deem a ballot invalid if the ballot has not been cast according to the procedures approved by the secretary under sub. (8) (a). In addition, the election committee shall deem a ballot invalid if any of the following apply:~~

- ~~(a) The signature is not the same as the name on the ballot.~~
- ~~(b) The ballot is not signed.~~
- ~~(ae) Too many candidates have been voted for on the ballot.~~
- ~~(bd) A ballot is so defective that the committee cannot determine with reasonable certainty for whom the ballot was cast.~~

- ~~(e) The ballot was not received within the period prescribed by the election notice.~~

**Section 9. ETF 10.10 (12) is renumbered 10.10 (11) and amended to read:**

**(11) SPECIAL SITUATIONS.** (a) *Insufficient number of candidates for holding an election.* If the number of candidates who file whose nomination papers petitions are approved by the department is equal to or less than the number of positions to be filled within an election category, all of the following shall apply:

**Proposed ETF Administrative Rules for ETF  
and TR Board Elections**

1. the department shall not schedule an election;
2. the election committee shall not be appointed or convened; and
3. the election committee department shall declare all candidates to be elected.

(b) Multiple positions to be filled in an election category that do not have an equivalent amount of time remaining in the term. If there are multiple positions to be filled within an election category and the vacant positions have different amounts of time remaining in their terms, the following shall apply:

1. If an election has been held, the candidate with the most votes will receive the position with the most time remaining. The candidate with the second most votes will receive the position with the second most time remaining, and so forth for any remaining candidates and positions.
2. If an election is not held in accordance with par. (a), and there is more than one candidate, positions will be selected by the drawing of lots. If there is only one candidate and multiple vacant positions, the candidate shall receive the position with the maximum time remaining in its term.

**Section 10. ETF 10.10 (13) is repealed.**

*Drafting Note (not for inclusion in final rule): Language in the old 10.10 (13) is retained in the new 10.10 (8) (b). The provision states that where there is more than one teacher retirement board position to be filled in a category and an election is held, voters may vote for as many candidates in the appropriate election category as there are positions to be filled. For example, on the teachers retirement board the public school teacher category has within it six positions that are elected. If there are two open public school teacher positions, voters can vote for two candidates in an election for that position. There is no equivalent language for the employee trust funds board because that board's elected categories only permit one person to fill a position, i.e., one annuitant representative and one educational support personnel representative.*

**Section 11. ETF 10.10 (15) is renumbered 10.10 (12) and amended to read:**

**(12) TABULATION OF VOTES.** Candidates receiving the largest number of votes shall be elected. The election committee shall break a tie by the drawing of lots. The counting of ballots shall be conducted under the direction of the secretary or designee.

**Section 12. ETF 10.10 (16) is renumbered 10.10 (13) and amended to read:**

**Proposed ETF Administrative Rules for ETF  
and TR Board Elections**

**(13) NOTIFICATION OF ELECTION RESULTS.** For elections scheduled because a term is due to expire, the department shall notify all candidates of the results by certified mail before May 1 following the close of the election. If the department calls an election for any reason other than the expiration of a term, the department shall notify all candidates by certified mail of the results of the election within 15 days of the close of the election.

**Section 13. ETF 10.10 (17) is renumbered 10.10 (14) and amended to read:**

**(14) RETENTION OF BOARD ELECTION MATERIALS.** The department shall retain election reports, nominating petitions and ballots for at least 1 year 45-~~days~~ from the date the candidates are notified in sub. (13). ~~If a candidate wishes to request a recount, the candidate shall submit the request to the department within 30 days of the date the candidates are notified of the election results. A recount shall be conducted under the direction of the secretary or his or her designee.~~

*Drafting Note (not for inclusion in final rule): Language in the old 10.10 (17) relating to retention of nominating petitions and ballots for 45 days from the date candidates are notified, has been amended to one year to be in accordance with the Department's Records Retention/Disposition Authorization for election materials, which indicates that election materials are kept for at least one year. Language in old 10.10 (17) relating to recounts is retained, with some amendments, in the new 10.10 (15).*

**Section 14. ETF 10.10 (15) is created to read:**

**(15) RECOUNT OF RESULTS.** A candidate may request no more than one recount per election. To request a recount, the candidate shall submit a written request to the secretary within 10 business days of the date that the candidates were notified of the certified election results. A recount shall be conducted under the direction of the secretary or designee. If the recount results change the ranking of the candidates, the recount results shall be certified by the election committee and shall stand as the final election results.
